

Egyptian Maritime Transport Sector “Advance Cargo Information Declaration – ACID”. dal 01/04/2021

Melzo 16/03/2021

Gent.mi Clienti,

vi preghiamo prendere nota di quanto sotto riportatoci da ns. agente Alexandria, relativamente all'applicazione dell'Advance Cargo Information Declaration – (ACID) a partire dal 01/04

Dear Sir,

Pursuant to the provisions of Article 39 of the Customs Law No.207 for the year 2020 which introduced a new system regarding the advance registration of the cargo information “Advance Cargo Information – ACI” to simplify the cargo clearance procedures, ensure verification of the guarantees of the importers and the exporters, accept the import of certain types of cargoes or prohibit same from entering the country.

The aforementioned necessitates obliging the importer or his agent to register his data on the electronic portal of the unified national platform for foreign trade “nafeza” “Nafeza.gov.eg” then upload the cargo information thereon prior to their shipment to the country for annotation with a preliminary customs registration number “Advance Cargo Information Declaration – ACID”.

Given the directives of the Ministry of Finance towards obligating the importers to apply the ACI system on their shipments on trial basis as of 1/4/2021 whereas the system shall be fully in force as of 30/6/2021.

Therefore, in application of the provisions of Article 39 of the Customs Law No.39 for the year 2020, the Maritime Transport Sector deemed it necessary to notify your kind self to notify, in turn, the carriers, the vessels' masters, their maritime agents or their representatives that once the system is in force, they will be obligated to register an ACID number together with the shipping documents of the inbound cargoes to the country and that in case the said number is not registered on the shipping documents, these cargoes shall be re-shipped abroad without discharge inside the Egyptian ports and terminals at the expense of the carrier or his representative.

The above has been sent for your kind information and to take the necessary action.

Admiral / Reda Ahmed Ismail - Head of the Maritime Transport Sector

Rimaniamo a Vs. disposizione per eventuali chiarimenti/informazioni in merito.

Grazie e cordiali saluti.
